All English providers of free early education in the private, voluntary and independent (PVI) sectors are within the scope of the early years census.

Data level	Description	How data is collected
Establishment level	Data relating to the PVI early education provider.	Through Capita Self Update module
Pupil / child level	Data relating to the individual child taking up free early education	Through spring headcount claim submitted by Friday 17 January 2025

- **School based settings do not need to complete the Establishment Information.**
